## Parent Teacher Interaction Meet 2022 Report

A Parent Teacher Interaction Meet was organized on 5<sup>th</sup> march 2022 at the Visvesvaraya seminar hall of Faculty of Engineering and Technology, DMIMS (DU) for the first time in the current academic year to apprise the growth of the students and to make the bridge between the parents, students and the teachers for ensuring excellence in teaching learning process and for the fullest development of personality of the students.

The occasion was chaired by the dean Prof. (Dr.) K.T.V. Reddy in presence of all the parents, students, professors and staff of the institute. The Ceremony began with saraswati vandana and lamp lighting at 10 AM sharp followed by the welcome note by the dean. A detailed presentation was given by the dean in the seminar hall as to the total academic programme, best practices in the fields of engineering, research, co and extracurricular activities, continuous assessment process, examination and project based learning. The most remarkable point to note was the achievements of the students in the fields of research, making projects, participation and completion of various certificate courses from Google and 'Coursera' in a short span of time.

All the parents were extremely happy to interact with the Dean and all the professors for their continuous efforts in grooming the students. They visited all advanced labs with the state of the art facilities and modern ICT based classrooms followed by the library with modern facilities and a large number of books on all topics and pursuits, 'Feat & Meet' corner and green campus. The point to note was our efforts of finding out fast and slow learner through our computerized questioner and eight parameter through graph in which Active, Reflective, Sensing, Intuitive, Visual, Verbal, Sequential and Global category of learner's are identified and teaching learning material are designed to suite their individual needs.
