ABOUT WARDHA

Discover Wardha: A Hub of History, Spirituality, and Gandhian Legacy

Nestled in the heart of Maharashtra, **Wardha** is more than just a district; it is a living testimony to India's freedom movement and a cradle of Gandhian philosophy. Founded in 1866, Wardha has grown into a center of rich culture, social reform, and agricultural significance.

Gandhiji's Profound Impact

Wardha is deeply intertwined with the legacy of Mahatma Gandhi, the Father of the Nation. It was here that Gandhi established the *Sevagram Ashram* in 1936, which became a pivotal hub for India's struggle for independence. Gandhiji chose Wardha for its simplicity and central location, making it an ideal place to inspire self-reliance and communal harmony. Today, Sevagram stands as a symbol of Gandhian principles, offering visitors a chance to walk the same paths as Gandhi and learn about his philosophies of non-violence, self-sufficiency, and truth.

Acharya Vinoba Bhave's Vision

Wardha has also been home to Acharya Vinoba Bhave, the saintly social reformer and Gandhian disciple. Known as the "First Satyagrahi" of the Independence movement, Vinoba Bhave launched the *Bhoodan Movement* (land-gift movement) from here, advocating for equitable land distribution to empower the rural poor. His ashram, *Pavnar Ashram*, continues to be a center for spiritual learning and social reform, attracting those inspired by his vision of a just and compassionate society.

Whether you are drawn by the history, the simplicity of rural life, or the enduring philosophies of Gandhi and Vinoba Bhave, Wardha offers a journey of introspection and inspiration.

Come, experience Wardha – where the past meets the present to inspire the future.

ABOUT MEDICON'25

MEDICON 2025 is a National Conference hosted by Datta Meghe Institute of Higher Education and Research, offering a transformative experience for medical students and professionals. Networking opportunities are readily accessible, allowing participants to connect with peers and mentors, thereby fostering an environment that is essential for future collaborations and career opportunities. The event caters to undergraduate, postgraduate, and PhD students, offering interactive sessions, workshops, and competitions to enrich understanding and broaden horizons in the field of medicine. Delegates can participate in oral and poster presentation competitions, showcasing their research prowess and clinical acumen. The School of Virtual Learning at DMIHER, Anukriti, equips attendees with Clinical skills essential for their medical practice. Keynote address by renowned health field speakers provide insights into the latest trends and challenges shaping the future of medicine. Beyond academics, captivating events foster relaxation and recreational activities. Embracing a hybrid format, the conference combines virtual and in-person participation, ensuring inclusivity and an immersive experience. Medicon 2025 is a remarkable blend of medical knowledge, research, and intellectual camaraderie, creating a lasting impact on all attendees.

ABOUT DMIHER

Nestled in the heartland of India, Datta Meghe Institute of Higher Education & Research (Deemed to be University), is an excellent place for pursuing academic excellence in Medicine, Dentistry, Nursing, Physiotherapy, Ayurveda, Pharmacy, Engineering, Allied Sciences, Allied Health Sciences, through graduate, postgraduate & research fellowships & PhD programs. Our 125 acre campus, sprawling with greenery and the tranquility offered by nature, away from the hustle bustle of a city makes way for an environment that germinates a healthy academic environment. DMIHER located in Wardha, Maharashtra, has achieved significant rankings in India according to the National Institutional Ranking Framework (NIRF) 2024. It is ranked 42nd among universities, 23rd in the medical category. The institution also secured the 24th rank in the dental category, demonstrating strong performance in specialized fields like healthcare and research. Additionally, DMIHER has received an A++ re-accreditation in the 4th cycle from NAAC. The facilities include advanced research centers, libraries, and hostels, providing a comprehensive educational environment. We are undeterred in fostering a conducive milieu for interdisciplinary research practices generating consequential and meaningful outcomes. We uphold a strong commitment to social responsibility, fostering a community of compassionate healthcare professionals dedicated to serving all. The University is acclaimed for its quality education & research publications and has secured many eminent awards.

WORKSHOPS

16TH FEBRUARY, 2025
SUNDAY

Echoing Little Hearts: Basic Paediatric Echocardiography

Full Day Workshop at JNMC, Wardha (₹1000, 30 Seats)

Join us for an interactive and hands-on workshop on Basic Paediatric Echocardiography, specifically designed for pediatricians, and medical professionals who are keen to enhance their diagnostic skills in pediatric heart conditions.

BY DR. AMAR TAKSANDE

BY DR. ABHISHEK INGOLE

Unlock the Power of Knowledge: Literature Search & Reference Management

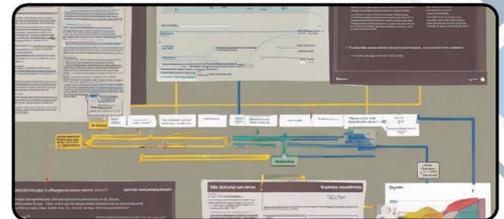

Full Day Workshop at JNMC, Wardha (₹1000, 30 Seats)

Enhance your research capabilities by joining our comprehensive workshop on Literature Search & Reference Management. This workshop is tailored for medical professionals, researchers, and students who want to improve their skills in navigating medical literature and managing references effectively.

Analysing Evidence: Unveiling the Power of Systematic Review & Meta Analysis

Full Day Workshop at JNMC, Wardha (₹1000, 30 Seats)

Delve into the critical methodologies of Systematic Reviews and Meta-analysis in this comprehensive workshop, designed for healthcare professionals, researchers, and academics. This workshop aims at enhancing participants' understanding and application of these powerful tools in evidence-based medicine.

16TH FEBRUARY, 2025
SUNDAY

Rs.1000/-

Basic & Advanced Management of Postpartum Haemorrhage

BY DR. NEEMA ACHARYA

Full Day Workshop at JNMC, Wardha (₹1000, 30 Seats)

This comprehensive workshop on the "Basics and Advanced Management of Postpartum Haemorrhage (PPH)" is designed to equip obstetricians, gynecologists, and healthcare professionals with the knowledge and skills necessary to effectively manage one of the most critical emergencies in obstetrics. It will combine theoretical insights with practical training.

BY DR. RATNAKAR AMBADE

Cadaveric Workshop on Spine, Arthroplasty and Pelvis

Rs.1000/-

Full Day Workshop at JNMC, Wardha (₹1000, 30 Seats)

Enhance your surgical expertise by participating in the Cadaveric Workshop on Spine, Arthroplasty, and Pelvis, an advanced, hands-on training session designed for orthopedic surgeons, spine specialists, and residents. This workshop, in conjunction with Medicon 2025, offers a unique opportunity to practice and refine surgical techniques on cadaveric specimens under the guidance of renowned experts in the field.

React and Respond: Simulation Driven Approach to Acute Emergencies

Rs.1000/-

Full Day Workshop at JNMC, Wardha (₹1000, 30 Seats)

This workshop equips healthcare professionals with essential skills to manage acute emergencies like anaphylaxis, choking, cardiac arrest, sepsis, and shock. Delve into critical topics including ACS and Post Resuscitation Care. Gain hands-on training in Basic Life Support (BLS), EpiPen use, and advanced resuscitation algorithms, with practical simulations on state-of-the-art equipment. Learn, Practice and Save Lives!

BY DR. AKHILESH SINGH PARIHAR
DR. PREM S KISHORE

16TH FEBRUARY, 2025
SUNDAY

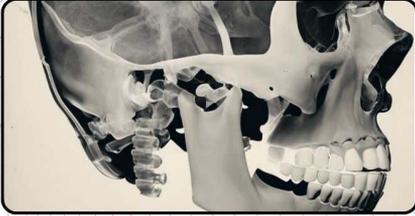

BY DR. AARTI PANCHBAI

Illuminate Diagnosis: Maxillofacial Radiography - Unveil the Hidden Secrets of Oral Imaging

Rs.500/-

Full Day Workshop at SPDC, Wardha (₹500, 30 Seats)

Unlock the potential of maxillofacial radiographs in diagnosis and treatment planning at our exclusive workshop, "Unveil the Hidden Secrets of Oral Imaging." This intensive session is tailored for dental professionals, radiologists, oral surgeons, and specialists who seek to master the art and science of interpreting maxillofacial radiographs.

Revolutionize Your Practice: Workshop on Root Canal Treatment - A Gateway to Precision Dentistry
