

ITE RESEARCH FOUNDATION
A SECTION 8 COMPANY

About ITE Research Foundation

ITE Research Foundation, incorporated on **20th December 2021**, is a not-for-profit **Section 8 Company** registered under the Companies Act, 2013, having its registered office at **C/O Datta Meghe Institute of Higher Education and Research (Deemed to be University), Wardha, Maharashtra**, the foundation is dedicated to promoting interdisciplinary research, innovation, and entrepreneurship in emerging areas of science and technology, with a particular focus on healthcare, life sciences, and allied sectors.

As a catalyst for innovation, ITE Research Foundation provides governance and strategic direction for key initiatives such as **BioNEST DMIHER**, central India's first bioincubator. This initiative is supported by the **Biotechnology Industry Research Assistance Council (BIRAC)** under the **Department of Biotechnology (DBT), Government of India**, aiming to foster a robust biotech innovation ecosystem in the region.

Vision

To be a leading catalyst for interdisciplinary research, innovation and entrepreneurship in biotechnology, healthcare and allied sciences fostering sustainable development and societal well-being in India and beyond.

Mission

- To promote and support cutting-edge research and innovation in emerging areas of science and technology.
- To nurture startups and entrepreneurs through incubation, mentorship and access to advanced infrastructure.
- To facilitate collaborations among academia, industry and government for translational research and commercialisation.
- To contribute to capacity building by providing training, workshops and resources for researchers and innovators.
- To uphold ethical standards and social responsibility in all endeavours, ensuring inclusive and equitable growth.
