

Mayo Clinic Multidisciplinary Simulation Center
Presents

SIMULATION INSTRUCTOR DEVELOPMENT: COMPREHENSIVE COURSE

5th to 8th Feb. 2024

Course Learning Outcomes

- Demonstrate fundamental concepts of simulation-based education
- Develop performance objectives for simulation-based education
- Create and facilitate a learner focused simulation scenario for a multidisciplinary audience
- Lead an effective and organized debrief session

Unique Features

- Mayo Clinic Course
- An Opportunity to be the FIRST TRAINED SIMULATION EDUCATOR of your speciality
- Mayo Clinic Certificate of Completion of the course

Venue

School of Experiential Learning and Simulation Centre (SEL & SC)
DMIHER, Sawangi (M.), Wardha, Maharashtra India

~~Fees 5 Lakhs~~

FIRST COME FIRST SERVE BASIS

**Subsidized Fees of
Rs. 3.5 lakh**

Only 20 Seats

**Fees for
Foreign
Delegates :**

USD 4500/-

Under the aegis of : **DMIHER Global**

Description: This three-day multidisciplinary, interactive course will develop instructors for simulation-based education. Participants will learn the principles of experiential learning including types of simulation, course design, and debriefing strategies. Learners will practice these concepts with the assistance of experienced faculty. Enrollment is limited to encourage maximum engagement of all attendees.

Intended Audience: Individuals interested in or involved with simulation curriculum design, implementation, and facilitation.

SIMULATION INSTRUCTOR DEVELOPMENT: COMPREHENSIVE COURSE

DAY 1 : February 5 th 2024	
Time	Content
Morning	<ul style="list-style-type: none"> • Introduction to Simulation-Based Education: The Foundation • Planning a Simulation Course • Developing Simulation Scenarios • Develop Scenario 1 in small groups
	LUNCH
Afternoon	<ul style="list-style-type: none"> • Scenario 1 Development (continued) • Introduction to Debriefing • Summary and Evaluations
DAY 2 : February 6 th 2024	
Time	Content
Morning	<ul style="list-style-type: none"> • Scenario 1 Development (continued) • Implement Scenario 1 with other participants as learners
	LUNCH
Afternoon	<ul style="list-style-type: none"> • Scenario 1 Implementation (continued) • Challenging Debriefs – Practice • Develop Scenario 2 in small groups • Summary and Evaluation
DAY 3 : February 7 th 2024	
Time	Content
Morning	<ul style="list-style-type: none"> • Scenario 2 Development (continued) • Implement Scenario 2 with other participants as learners
	LUNCH
Afternoon	<ul style="list-style-type: none"> • Scenario 2 Implementation (continued) • Special Considerations in Simulation • Wrap-Up

Sample Certificate

Mayo Clinic Multidisciplinary Simulation Center presents

Dr. XXXXX

CERTIFICATE OF COMPLETION

In recognition for completing the Simulation Instructor Development:

Comprehensive Course.

February 04-06, 2023

XXXXXX

Dr. Leslie Simon, D.O.
Medical Director - J. Wayne and Delores Barr
Weaver Simulation Center, Mayo Clinic Florida

In Collaboration with School of Experiential Learning
& Simulation Centre, DMIHER Presents

SIMULATION INSTRUCTOR DEVELOPMENT: COMPREHENSIVE COURSE

February 5th to 7th 2024

Mayo Clinic Multidisciplinary Simulation Center

OPTIONAL PRE AND POST CONFERENCE COURSES (NO ADDITIONAL FEES) **FOR INTERNATIONAL DELEGATES:**

1) DISASTER MANAGEMENT WORKSHOP: February 4th , 2024

DMIHER is hosting a Preconference Workshop on Disaster Management Course to provide a comprehensive understanding of principles, strategies, and best practices. Renowned experts will lead engaging sessions for an enlightening learning experience.

2) HANDS-ON EXPERIENCE WITH IN-HOUSE MANNEQUINS: February 8th , 2024

Join our Hands-on Experience session at SEL, DMIHER, Sawangi (M) Wardha. Gain practical exposure to in-house mannequins, applying theoretical knowledge from the workshop to enhance emergency response skills for a resilient community.

Both events promise to be educational and interactive, creating a platform for networking and exchanging ideas among professionals in the field.
